to work

M4 Flat Panel Monitor Arm

Featuring effortless height and depth adjustability, Humanscale's new M4 adds impressive functionality to Humanscale's already broad range of flat panel monitor arm offerings.

Features

- Extended 14" range of finger-tip height adjustment
- Accommodates monitors weighing from 5 to 20 lbs.
- Small desktop footprint maximizes usable space
- Incredibly easy to use
- Made from 80% recycled and 95% recyclable material
- 10-year warranty on gas cylinder. Lifetime warranty on all other components.
